### **NOTIFICATION TO RESIDENTS RUSSELL VALE EMPLACEMENT AREA REMOVAL WORKS**

Dear Neighbour

WCL will be removing coal material stockpiled on the Russell Vale Emplacement Area (RVEA) beginning 14 days after this notice.

The works program for the recovery of the coal will involve excavation of coal material from the RVEA, coal material will then be loaded into trucks and transported via Bellambi Lane and Memorial Ave. See the attached map.

The Works Program is anticipated to be undertaken over a six (6) month period as follows:

- Truck loading activities will only occur between 7:00am and 5:00pm, Monday to Friday;
- Empty trucks may be arriving at the premises between 6:00am and 7:00am, Monday to Friday;
- No truck loading and transporting activities will be undertaken on weekends and Public Holidays;

Every effort will be made to minimise the impact of the works program and works will be undertaken with controls within the relevant Environmental Management Plans on the WCL website and in consultation with Department of Planning and Environment, the EPA, Wollongong City Council and the Department of Resources and Geoscience.

The works Program will result in a reduction in the height of the western section of the RVEA, improving the landscape profile and facilitating rehabilitation in accordance with the final land form currently being prepared in consultation with Wollongong City Council.

Should you have any concerns please contact our community contact 24 hours hotline on 1300 109 384 or email [community@wcl.net.au](mailto:community@wcl.net.au).
